

To ensure complete ease and convenience of your journey on the road, our E-rickshaw batteries are reliable and long-lasting. These batteries guarantee outstanding performance, ensuring a smooth travel experience.

Key product features

- Highly puncture-resistant separators
- Antimony-poisoning resistance to avoid excessive water loss after a certain service life
- Special paste recipe (intelligent carbon combination) to reduce charging time
- Higher Life

Application	SL. No.	Battery type	Volt	AH@20HR	Dimension (mm)				Weight (+/-5%) Kg	
					L	W	H	Total Height	Dry	With Acid
E-Rickshaw (Tubular)	1	ERB 1200	12V	120AH	360	171	273	273	21.00	30.20
	2	ERB 1400	12V	130AH	360	171	273	273	22.50	32.30
	3	ERB 1500	12V	140AH	360	171	273	273	26.40	36.10
