

We offer a wide range high performance batteries that are durable and dependable. Rahimafrooz traction batteries have performed well both in Bangladesh and abroad. These long-lasting batteries have a rugged and robust design to withstand wear and stress through regular use.

Key product features

- High capacity
- Long life
- Low internal resistance
- High discharge rate
- Low self-discharge
- Resistant to vibration
- Short charging time
- Low maintenance

SL. No.	Battery type	Volt	AH@20HR	Dimension (mm)				Weight (+/-5%) Kg
